Dear Mr. K,

5/7/77

Reurlet of 5/2, I think you would be unwise to try to be your own lawyer in an FOIA matter, in part because you do not know the law.

Aside from the provisions of this Act there is Executive Order 11652. It requires the declassification of what had been classified after the passing of enough time.

I'd appeal, citing this E.O., and ask if 35 years is not enough time and how there can be any legitimate national security question after 35 years.

If you want to sue, try the American Civil Liberties Union.

Best wishes,
